

HE Magnetic Separation Upgrade

Project Scope

Design and install a High Efficiency Dual Drum Magnetic Separator that can be installed in less than 36 hours. Design must handle extreme sand loadings and require no elevator modifications.

Solution

Metcast HE Magnetic Separation Upgrade, specifically designed to replace existing Wheelabrator® double lip airwash separators without elevator modifications.

Results

- Increase in wear parts life of 4-5 times
- Brighter, cleaner castings
- Shot use minimized

Application

Foundry

Machine Type

12 Cubic Foot - 100 cubic Foot Tumble Blasts, Table Blasts, Spinner Hangers and Wire Mesh Belts

The team at **METCAST SERVICE TECH RESOURCES** looks forward to servicing all of your shotblast requirements.
